

About the Medical Assistant Program

CBD College's Medical Assistant program is designed to prepare students for successful careers as Medical Assistants. The program is designed to expose the student to all aspects of Medical Assisting, including; Phlebotomy, EKG, Patient Care, Anatomy & Physiology, and Medical Terminology. Throughout the program, students will be exposed to practical real world experiences in drawing blood, performing EKG's and recording vital signs.

The program focuses on both administrative and clinical competencies and is designed for students who wish to pursue a career in the allied health profession.
