

About the Pharmacy Technician Program at CBD College

CBD College's Pharmacy Technician program is designed to train you to work side by side and under the supervision of pharmacists. Train in our state of the art skills lab and gain valuable experience working at clinical externship sites that include hospitals, retail settings and pharmacy chains so that you can be ready to tackle the field after graduation. Upon successful completion of the program, you will be awarded a diploma, will be eligible to apply for licensure as a Pharmacy Technician in the State of California and will be qualified for the PTCB (Pharmacy Technician Certified Board) exam.
