

## Academic Coordinator of Clinical Education (ACCE)

**CBD College** is seeking a qualified **Academic Coordinator of Clinical Education (ACCE)** for our CAPTE accredited Physical Therapist Assistant program in Los Angeles.

The clinical education coordinator is a physical therapist (PT) or physical therapist assistant (PTA) who is licensed or regulated in any United States jurisdiction as a PT or PTA and has a minimum of three years of full-time post-licensure clinical practice. Two years of clinical practice experience must include experience as a center coordinator of clinical education (CCCE) or a clinical instructor (CI), or experience in teaching, curriculum development and administration in a PT or PTA program.

The ACCE will assist the program director to plan, develop, coordinate and facilitate the clinical education component of the PTA curriculum. In addition to the required credentials and experience, the preferred candidate demonstrates effective organizational, interpersonal, problem-solving and counseling skills; communicates effectively to address the diverse needs of students; and is active in the physical therapy community of Los Angeles. CBD College is an Equal Opportunity Employer, all encouraged to apply.

### Credentials:

- Minimum licensed or certified Physical Therapist or Physical Therapist Assistant
- Minimum associate degree in PTA, or bachelor's degree in PT
- Preferred bachelor's degree or higher

### Experience:

- Minimum 3 years post-licensure clinical practice
- Minimum 2 years as a clinical instructor (CI) or center coordinator of clinical education (CCCE)
- Preferred experience in management, administration, teaching and/or curriculum development.
