Pharmacy Technician

Why Become a Pharmacy Technician (PhT)?

- The Bureau of Labor Statistics estimates a 20% increase in Pharmacy Technician jobs between 2012 and 2022
- PhT is a cutting edge segment of the rapidly growing pharmaceutical industry due to the aging of the American public
- Work with retail pharmacies, hospitals, long term care pharmacies, home infusion pharmacies, grocery stores, pharmaceutical companies, and herb stores
- Earn substantial income and be part of this in-demand profession

Pharmacy Technician Program Details at CBD College

- The Pharmacy Technician Program at CBD College is designed to prepare students for a career in the pharmaceutical field. The program focuses on both administrative and clinical competencies. Upon completion, graduates may pursue a career in a variety of pharmaceutical settings under the supervision of a licensed pharmacist and function as a vital part of the healthcare team.
- The program is divided into eight modules. Both day and evening programs are available to suit your lifestyle. In the final module, under the supervision of pharmacy technicians in a real pharmacy, students will learn to deal with day to day events at the approved facility.
