The Occupational Therapy Assistant program at CBD College is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA) (ACOTE 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449; Phone: 301-652-AOTA / www.acoteonline.org).

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at, <http://www.cbd.edu/programs/occupational-therapy-assistant/>.

## Why Become an Occupational Therapy Assistant (OTA)?

- Experience a sense of accomplishment in helping others achieve their goals
- Evidence shows that OT interventions improve patient and client outcomes
- Only OTs and OTAs are licensed to provide Occupational Therapy services
- Enjoy job flexibility, variety and low stress while earning a substantial income
- Employment projected to grow 43 percent from 2012 to 2022

## OTA Program Details at CBD College

- The OTA program at CBD College is designed to fully prepare students for work in the allied health field as an OTA under the supervision of, and in partnership with, the Occupational Therapist. Students will learn to implement rehabilitative interventions outlined by an OT treatment plan or contribute to the modification of the treatment plan by exchanging information about the patient's progress to the occupational therapist. Graduates of the OTA program will be able to sit for the national certification exam offered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of the exam, the individual will be a Certified Occupational Therapy Assistant (COTA).

- The program is divided into five modules. General education courses occur in the first module and OTA core classes are covered in the other four modules. The first field work experience is in module #4 for two weeks and module #5 is entirely field work experience. Students will be under an supervision of an OT professional during clinical rotations.

## Why Study at CBD College?

- Benefit from a non-profit environment where experienced professionals and volunteers in the OTA field dedicate countless hours of research and development to the program
- The only OTA program in Los Angeles
- State of the art OTA lab with brand new, industry specific equipment
- Lifetime job placement and career service assistance
- CBD College has secured a vast variety of clinical rotations
- Upon graduation, national exam preparation continues until the test is taken
- Personalized attention for each student
- Call to learn more about the CBD difference**

# Occupational Therapy Assistant
