## Attachment A

The information below represents student eligibility requirements and award calculation methodology used for the disbursement of funds received from the Department pursuant to the institution's Certification and Agreement for Emergency Financial Aid Grants to Students under the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA)/HEERF II.

CBD College requires that students submit an application for a HEERF II grant. Not all who apply may receive a grant.

The CRRSAA requires that institutions prioritize students with exceptional need, such as students who receive Pell grants, in awarding financial aid grants to students. However, students do not need to be only Pell recipients or students who are eligible for Pell grants. Additionally, the CRRSAA explicitly provides that financial aid grants to students may be provided to students exclusively enrolled in distance education. CBD College understands that students have been differently impacted by coronavirus. The institution has established a maximum funding threshold for eligible students to ensure that these funds are distributed as widely as possible. In order to prioritize the limited funds that are available and proportionally allocate more to those with exceptional need, CBD College has created a tiered grant amount program. The grant amount that each eligible student receives is calculated based on a scoring methodology that accounts for demonstrated financial need/unexpected costs due to coronavirus related to the student's cost of attendance, as represented by answers on the grant application (on the four cost-related questions), and on demonstrated financial need (Estimated Family Contribution and Pell Grant eligibility) as reported on FAFSA submissions, as applicable, or based on completion of an alternative, objective financial need worksheet for those students who are not eligible to complete the FAFSA.

<b>CRRSAA/HEERF II grant amounts, March 2021 distribution</b>
\$1500 (maximum funding threshold)
\$1200
\$900
\$750

Student Eligibility Requirements for distribution of HEERF II grants:

- Student is enrolled at a program offered by the school, including exclusively distance education programs.
- Student has completed the 2020-2021 or 2021-2022 FAFSA for the purposes of determining his or her EFC (March 2021 distribution).
- On the grant application student has self-certified emergency costs (e.g., housing, food, childcare, healthcare, etc.) due to coronavirus.

Instructions, directions, and guidance related to the availability of CRRSAA/HEERF II Grant funds provided to students are shown below.

**CRRSAA/HEERF II Student Financial Grant Confirmation Form**

These funds are provided from the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), to be awarded as Higher Education Emergency Relief Fund (HEERF II) financial grants for students. This grant may be used for any component of the student's cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care) or child care.

The CRRSAA requires that institutions prioritize students with exceptional need, such as students who receive Pell grants, in awarding financial aid grants to students. However, students do not need to be only Pell recipients or students who are eligible for Pell grants. Additionally, the CRRSAA explicitly provides that financial aid grants to students may be provided to students exclusively enrolled in distance education.

By signing below, I certify that I understand the funding criteria for this grant. As represented by my answers on the application for HEERF II grant funding that I submitted to CBD College, I certify that the following emergency costs that arise due to coronavirus apply to me as indicated by a "Yes" or "No" to the right.

- Food and housing costs due to my own loss of income.
- Food and housing costs due to the loss of income of the head of my household.
- Emergency costs related to healthcare, including mental health.
- Emergency costs related to childcare.

Additionally, I certify that: (1) this grant is not conditioned on my continued or future enrollment at the institution; (2) that the institution cannot use this grant to satisfy any outstanding balance with the school, as applicable, unless the institution has obtained my written (or electronic) affirmative consent to apply the grant toward any balance; and (3) such consent is not required as a condition of receipt of or eligibility for this financial aid grant.

## Grant Denied Communication to Students

Dear Student,

Our CRRSAA/HEERF II student allocation funds are now exhausted and were distributed according to the Department of Education's guidance that schools must prioritize those students with exceptional need. In our prioritization methodology we used students' responses to the grant application questions as well as financial need-related information (e.g., EFC values) to determine need as it relates to the effects from the COVID-19 pandemic. Please note that there will be more funds available in the near future, including ARP/HEERF III. We urge all students affected by the pandemic to participate in the next emergency financial aid grant application process. If you have questions about this communication and/or if your financial need changes, please contact the Financial Aid Department at [FA@cbd.edu](mailto:FA@cbd.edu). Thank you for your perseverance in continuing your education during this national crisis.

Sincerely,  
CBD College

## HEERF-II Student Financial Grant Application

**As part of the CRRSAA/HEERF II, the Department of Education has allocated funding for CBD College for direct financial aid grants for eligible students.
